The official publication of the Manitoba Limousin Association

VOL 16, No. 1

February 2009

Canadian Mail Product Agreement #40785098 Mailed @ Sanford, MB

Welcome to another bull issue bursting with exciting new genetic opportunities to add profit to your operation. Congratulations to Mike and Tara LeBlanc of Roblin, the MLA Commercial Cattle Producers of the year; Tim Davey of Maplehurst Farms, Westbourne, our Junior Limousin Ambassador; and to the 2009 elected directors. Your devotion to Limousin cattle is outstanding. As the winter calving season gets into full swing please take the opportunity to browse through the advertisements in this issue for bulls & females for your herd, as well as other livestock products and services found throughout the newsletter. Always purchase REGISTERED Limousin Genetics, you wouldn't purchase your chore tractor without a guarantee of it's pedigree, purchasing your herd sire should bear the same importance.

Suggestions, creative ideas, and constructive criticisms are always welcomed. Respectfully, Cheryl

Live Long, Laugh Often, and love always!

Yesterday I had a flat tire on the Trans Canada Hwy. So I eased my car over to the shoulder of the road, carefully got out of the car and opened the trunk.

I took out 2 cardboard men, unfolded them and stood them at the rear of my car facing oncoming traffic. They look so life like you wouldn't believe it! They are in trench coats, exposing their nude bodies and private parts to the approaching drivers.

I started to change my tire, and to my surprise, cars started slowing down looking at my life like men. And of course, traffic started backing up.

Everybody was tooting their horns and waving like crazy. It wasn't long before a Mountie pulled up behind me. He got out of his car and started walking towards me. I could tell he was not a happy camper! "What's going on here?"

"My car has a flat tire," I said calmly. "Well, what are those obscene cardboard men doing here by the road?" So I told him, "Hello-o-o-o, those are my emergency flashers."
